Prayer Points SEPTEMBER 2014

10 YEARS

This summer MFH completed 10 years as a registered NGO! Of course the work goes back much further, previously as Emanuel Project, and before that as Emanuel Crèche! During this time our records show that we have passed the 500 boy mark! Some, having stayed for just a few weeks, most for between one and two years, while our longest stay was for nine years! We are planning a re-union and a thanks giving service at church, inviting all those that we still have contact with, many of whom now are the proud fathers of their own families!

Our latest staff member Wagner has come full circle. Part of our family as a 9 year old boy, when the project was out at the farm, he progressed until we managed to get him a place training with a local football club, from there he went on to play for their junior team, before transferring to Spain where he played professionally for several seasons in Granada. He is now 28, has returned to Brazil and is studying at university in the mornings and has joined the MFH staff for the afternoon/evening shift. As you can imagine his footballing skills are very popular amongst the boys, and on a deeper level, having experienced life in a home, he can understand many of the boy's problems.

Course given by child welfare on sexually transmitted diseases

During a special service at which our bishop installed Ian as the Rector of Living Waters church, and confirmed new members, these four were baptized into the Christian Family.

Hope to see at least some of you during the next few weeks.

Lots of love and thanks for your support in every way Ian and Siméa
