

# Thank You!!

We want to send a big thank you from Concepcion and the Chaco to SAMS and to those who made it possible to give help to those who were most affected by the floods. In our annexe in the Chaco we were able to distribute some food supplies to tide them over until the water went down. In San Antonio, where the families had to take all their things and leave their houses every time it rained heavily (due to a river behind their houses flooding) we were able to give the children and young people Wellies or waterproof shoes and blankets. - *Claire Holmes*

" in as much as you did it to one .. of these my brethren, you did it to me."  
Matthew 25:40
