

# “Training teachers, Transforming Lives”

November 2018

## Academy Activities

The First Years have started their final exams and we hope that, for them, this will be a successful end to the Academic Year. They have also begun dance practices ready for the end of year Arts festival, which will be on the 23rd of November.

Today, the Second Years have come back after two weeks of intensive teaching practice. Praise God, there have been no difficulties and they have returned to class very encouraged by this enriching experience.

The Third Year students have finished and defended their dissertations. They worked very hard on their projects and it is always really moving to see how they finish off their work and prepare themselves so that it is like defending a real thesis. They have all got excellent marks and have presented very good projects. Now they are starting their weeks of theatre workshops, which are also for the end of year Arts festival.

## Projects

We thank God that we were able to present our proposals for the Masters in Early Years Education. We hope that we will soon be allowed to launch this new academic option and continue to expand, which is what we want to do.

We are organizing the activities for the end of the year. The Arts Festival will be on the 23rd of November and the graduation ceremony for the Class of 2016 and for the degree students will be on Friday 30th of November. Next year we will be introducing some new marketing techniques in order to reach more people. We hope that with the Lord's help, this will be a success

## Staff

Isaac, the son of David, our administrator, had surgery on his eyes last week. He had a squint which affected his sight badly. Praise God the operation was a success and we are now praying for him to recover quickly. And we also pray for strength for his parents to be able to implement his treatment in the best possible way.

## Reasons for Praise and Thanksgiving

- ❖ We thank God for Isaac and for his quick recovery.
- ❖ For the success of the dissertations presented by our Third Year students.
- ❖ Because all of us and our families are in good health.

## Prayer Requests

- ❖ For approval of the Masters course.
- ❖ For the remaining end of year activities
- ❖ For the Arts Festival and for the graduation ceremony.

(Silvia also mentions that all the staff have very heavy workloads. Please pray for them as they finish the academic year)

**“And we know that in all things God works for the good of those who love him, who have been called according to his purpose.”**

**Romans 8:28**

We have some photos to share with you of the Third Year students from when they finished their respective projects. Please see below:
