

"what you have heard from me through many witnesses entrust to faithful people who will be able to teach others as well." (2Timothy 2:2)

Following our Anniversary Day of Prayer last year, we would like this year to focus on Celebration and Challenge. We want to thank God and celebrate all that has been achieved by SEAN's partners around the world. But we are also keen to ask you to pray into the areas of challenge that face us in seeking to fulfil our mission. Thank you.

SEAN is a grassroots Christian charity. Our vision is to see... "Local churches, worldwide, empowering and equipping all their members for whole life discipleship, mission and ministry in their context."

SEAN PROGRAMMES AROUND THE WORLD

Since SEAN's foundation on the 14th July 1971, amongst the indigenous peoples of Chile, Paraguay and Northern Argentina, over one and a half million students and pastors have been discipled and trained using our theological courses, in excess of 100 countries across the globe. These courses have been essential for discipling new believers and training lay and ordained leaders within affordable and sustainable programmes that have transformed the level of Biblical education and active participation of these congregations. Our courses have now been translated into more than 80 languages and today, through our partners, well over 160,000 students and pastors are in training, this year alone.

“Having followed the expansion of the SEAN courses with interest and thanksgiving, I hope that many more groups will use this material.”

The late Rev. Dr. John Stott.

We Celebrate...

Church Growth...

- In Colombia, the ‘Association of Biblical Churches of the Caribbean’ grew from 240 to over 850 congregations, in 28 years, using SEAN Courses to train their leaders.

Ministering in Prisons...

- Across the prison system in Argentina, there are several thousand inmates being disciplined with SEAN Courses, and 500 students are training to be internal ministers.

“The SEAN courses have brought dignity to the lives of the prisoners. They have helped transform criminals into servants of God”

Rev. Dr. J. Norberto Saracco

Rector: Theological Institute FIET, Argentina

Helping with literacy...

- In rural Mozambique, tutors, trained to use SEAN Courses, cycle many miles to remote villages to bring literacy and discipleship to scattered congregations.

Being used by all levels of society, in every continent of the world...

Points for Prayer:

-  Thanking God for all the work that is going on through our partners around the world.
-  That we might be able to find ways to further our support for our partners.
-  For the updating of all our courses into new electronic templates, so they can be more easily edited and contextualized where required.
-  For the creation of a new website to better communicate about the work going on and to provide an improved service and access to resources for our partners.
-  For the development of digital versions of our courses, to help address security issues with paper copies in certain parts of the world.
-  For the resources, both human & financial, to cope with the increasing demand for our courses and to help us build for the future.

THANK YOU FOR YOUR PRAYERS AND SUPPORT
