## Praise

We thank and praise the Lord for the doors that He has opened in many university campus to preach the gospel.

For the support that we receive from on behalf of the universities administrations.

Because the Lord has allowed us to share the Gospel on the streets, by having good conversations with many students.

## Prayer requests

- For the group of students that was formed during the first semester, that the word of God may move their hearts to practice a real and practical faith.
- For the second group of students formed this second semester, that we can finish our study on Colossians with a faith centered in Christ as the Lord above all the spheres of life.
- That God may protect and affirm our family on Him. That the tiredness of the work in the ministry does not hurt our relationship with God and with our close family.
- For the activities of the ministry in the second semester. That we can share the Gospel with joy, perseverance and bravery.

## Starting the Mission

### First Semester

We started the University Ministry in March of the current year, in the university neighborhood called Republica -one of the largest areas with college students in Santiago downtown. Our objective was to finish the first semester with one Bible study group. We praise the Lord for the accomplishment of this goal, and for your prayers.

In the first semester we did an apologetic talk on the historical sustainability of the Bible, called "¿Me puedo fumar la Biblia?" [Can I smoke the Bible?]. And we praise the Lord because with these materials we were able to reach more people who were not christians.

We thank the Lord as well for my partner in the gospel, Sebastian, who is helping me to go through with the ministry in the universities. With his help I am carrying out a program of ministry training.

## Club Pregunta

### [Ask Course]

This is an introductory study of the christian faith, based in the Gospel of Mark, which is about answering six questions covered in six weeks total. This tool is very useful for a non-christian, because he can make all his questions, in a close and friendly atmosphere.

## Training Ministry

Sebastian has been married to Camilla for three years. He is attending a presbyterian church in the southern area of Santiago, where he has been serving for a period of two years in the University Ministry of the Anglican Church of Chile, (this is part of his training in ministry) called "Republica Comunidad Universitaria" [Republic University Community].

## Second Semester

In the second semester we started a second group with 15 christian students at Diego Portales University. We are going through the book of Colossians in a inductive study named "Cristo Sobre Todo" [Christ above all]. And co-serving

with 'IFES Chile' in an Alpha Course with a group of non-christian students in the same university.

We hope that we can meet more people by making "one on one" evangelism on the streets of Republica Neighborhood. And do two more 'Can I Smoke the Bible?' talks, and then start a new Bible study group, based on the Gospel of Mark.

*...a Christ-centered community, that through loving, serving and sharing the Gospel with the university students, seeks the development of Chile for the glory of God.*
