Registered Charity No: XR67448

Support for sewing workshops

From 2008 Mission Paraguay has been supporting the sewing workshops which operate to encourage self sufficiency in different communities in the Asunción and Concepción areas by providing equipment, materials and training in the use of sewing machines.

Training to make different designs of bag to sell.

Bible covers made in the workshop at Concepción

The project is organised through missionary Caroline Gilmour White and the Anglican Church in Paraguay which works in many of the poorest areas of Asuncion, the capital; in Concepción a large town situated on the Rio Paraguay and amongst the Indian communities living in the Chaco which is the large expanse of scrubland in northwest Paraguay.
