Alison & Chris Hawksbees' More Points for prayer:

A few newer points are:

Pastor Alfredo Miranda is out of hospital now. He'd been in intensive care for a few days after the operation. It was complicated. Please continue to **pray** for him and his full recovery.

On the 16th of this month, there is going to be the presentation and launching of the Bible in the Enxet Sur language. Tim Curtis, who has been overseeing this over a long time, is very excited about this event, as are the Indian brethren who did the translation and we all are, too. Previously there was only the new testament available.

Travel in La Patria has been difficult because of flooding. On a couple of visits we have had to have our meetings under a tree by the roadside, with the brethren coming from their villages. But **praise** the Lord for He is good.

With Esteban Galeano, from the community of El Estribo, we visited the Ministry for Social Action to request funds for their projects. We had a good reception and were promised funds for projects for cattle production in El Estribo and also for a small one in La Herencia. This would benefit a total of 274 families this year and more next year.

Thank you for your continued prayers,  
Chris
