

JABCA's Newsletter

Junio 2010

A good beginning of the year...

"Therefore, having been justified, we have peace with God through Jesus Christ our Lord"

Prayer points:

- * That we, as a family, may discover, delight and declare the góspel of Jesus in our everyday lives.
- * Good and solid time as a family
- * His provision of what He knows we will need as Amanda comes in september.
- * For Santiago Mission.
- * That many pastors will join MOUCHILE with their local churches
- * For National Gimnasio. New trainers, new trainees and a new vision for góspel ministry within local churches
- * For Cristobal's course in Homiletics at CEP.

This commencement of the year has been particularly different from the rest since we came back from South Africa.

The news of our third child AMANDA coming into the world (hopefully by mid-September 2010) gave us much joy and excitement.

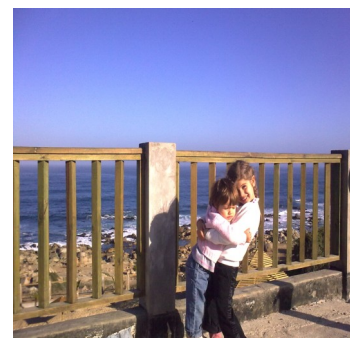

Belén has started Pre-Kinder and Jacinta is learning –not without difficulties- how to be a daughter with parents who love her.

Ale and I are very well. By november we will be enjoying our 7th wedding anniversary and we can only praise God for his faithfulness, provision and care. We are having a wonderful time as a couple,

laughing a lot; but at the same time, enjoying góspel ministry together.

She has been running for a second year a group called "AMONG US". A women's group that runs every Monday where they study the Bible and share their experiences as wives, women and mums. It has been a tremendous blessing for all of them and at the same time a realization for us of the need for serious and biblical discipleship among those who are christians.

One of the best gifts God has given us this year is the Breakfast I have with Ale every Monday. It has been there were we pray for the week,

for the people we serve and organize our Schedule together. Well...the orange juice and the cakes are also something worthy of praise!

We are very grateful to God for all the people and churches that pray for us and our ministry in Santiago. May God grant all of you much more according to his riches in Glory! Yours in Christ Jesus, The JABCAs

The Works begins to take roots...

Praise God!

The Santiago Mission has begun. What in January was a core group of 7 leaders has grown into a 15 people bible study that meets every Wednesday!

Not only that, we have been doing one-to-one evangelism in different university campuses and we have contacted at least 4 people that have been willing to do the ASK course we do for beginners.

We are in the process of esta-

blishing the DNA of our church and everyone is very excited for the things that are happening. The 14 and 16 of June Cristóbal will be doing a talk called "Can I smoke my Bible?"

www.iach.cl/gimnasio/ (in process...)

It is a named that connects with the many students that use the Bible pages to produce their marijuana cigarretes! So it has already made a huge impact among the students and we hope that it will bring many to understand the seriousness of the Bible's message as a whole.

Please pray that our church would be able to grow not only in number but in maturity establishing a DNA that glorifies God now and the future.

National Gimnasio has begun. Leslie Du-belloy is the second member of the staff

and is working as a part-time doing all the administration for new trainees. She also is in charge of our new webpage that will be available during June and aims to provide motivation and new resources for all of those who are willing to run Gimnasio in their local churches. It has been a tremendous blessing having her there. It has freed Cristobal of much administration work so that he is able to spend time in evangelism, discipleship and training. Another reason to praise God is that new Gimnasio have been born

in Temuco and Viña del Mar.

Church planting TEAM

www.mouchile.cl (in process...)

Please pray that God may be glorified through all this new generation. Almost 20 Young people are been trained throughout the county and it is very small number in the light of the huge need for góspel workers everywhere. Pray also for the trainers, that God may grant them wisdom to not only give knowledge and techniques to their trainees, but a heart and a passion for the church and the losts.

We Believe that God wants the Church to tell the story of His Son by His power to His Universe for His Glory! (Eph. 3:10)

MOUCHILE 2010

The weekend of the 21st of may there was a National Conference for all the leaders that have done MOU in their cities. It was a tremendous gift from God to be able to met each other, spend time praying and praising Him and also had been able to share what the vision

is for the National Mission Outreach that we are organizing from the 26 to the 31 of december of 2010.

We pray that God may give us the privilege to see the whole Christian church in Chile going out in evangelism. We are inviting everyone to join us in what we expect is going to be one of the biggest evangelistic outreaches Chile has seen.

We have been convicted by God that a genuine revival will come to us only if we

are able to have a Gospel 3D. In a world where everything that counts has to come in a 3D (like the movies) fashion the church has to "DISCOVER", "DELIGHT in" and "DECLARE" the góspel of Jesus Christ.

So, we are working hard in creating new vision, new songs, new resources to provide the churches with a passion for the next 200 year (2010 is the year when we celebrate our 200 years of independece).
