Mary went, telling the news:
'I saw the Master!'

Dear Friends,

29th March 2010

Easter Greetings! May the message of the empty tomb be on myriads of lips this Eastertide as we go telling the news!

UNITY: a current theme in many strands of the life of the Church in Paraguay and as the psalmist writes and reminds us:

How good and pleasant it is when God's people live
together in unity! Psalm 133:1

Returning to Asuncion in February we were privileged to take part in a interdenominational retreat for pastors & church leaders, it was good to be together, make new friends and be refreshed.

The Anglican Youth of Asunción have started an initiative to meet together bimonthly to encourage unity and a well attended first service took place a couple of weeks ago. Emmanuel church hosted this well prepared event with thoughtful kindness.

The 3 Saint Andrews Cathedral site congregations are moving forwards in their desire to work more closely together and are celebrating Holy Week with some joint activities.

The Diocesan Offices are currently being renovated and as soon as the work is finished it is hoped to reopen the new look Library and start the Growing in Maturity course.

We are most aware that the prayers and support of many contribute to the advancing of God's kingdom and take this opportunity to thank you for you part in this.

Yours, +*Peter & Sally*
