

Celebrations

Annexe bathrooms

Thankyou

Dear Friends,
Thankyou for praying so faithfully for us. We are aware of how much you help to support us in that role. This last month has been a very difficult time and we have been even more aware of our need of prayer in these times.

We have had a few very difficult issues to deal with in school which have resulted in us having to ask two people, in two separate incidents, to leave. These situations are never easy and we all feel the loss of a member. Even so, we know our battles are not really with flesh and blood and know that this is a spiritual battle and one that God can use for our good and also for the good of the school. **These situations make us even more dependent on the Lord** and our desire is that we should act fairly and with Christian principles so that the Lord can work in us making us even more like Him and so strengthening our testimony to those around us. Please continue to pray for us and the school.

There have been some good moments too! We have continued to celebrate the decades and the top primary classes depicted the 80's with a fantastic show which was enjoyed by all. This next week we move to the 90's with the new century coming a few weeks later!!

As part of our celebrations we want to redo the bathrooms for the children in the Annexe school which are as they were built 40 years ago. We had a jumble sale at the beginning of the month and despite the rain raised over a thousand pounds.

Brazil

Mags has once more been to the sports camp in Brazil, this time with the younger secondary pupils. They took over 50 pupils to play sports with some Brazilian schools. Amazingly they won quite a lot of their matches! They had a fantastic time and returned to school this week. The 9th Grade boys even beat the monitors in Basketball.
